WEEK TEAM/LEADER
WEEK 5 – WEEK ENDING September 4,2026
STUDENT NAME : Prince Vyas

WORK COMPLETED
- Built failed-payment messages and retry/rollback status screens (pending, paid, failed, refunded, partially refunded)
- Built partial order cancellation UI (e.g. cancel 1 of 10 items) with updated totals
- Built working cash payment interface and day-wise settlement summary screen
- Built segregated log view with search by user
- Added order priority display (takeaway, home delivery, dine-in) and feedback only for genuine users

Evidence: [commit link / test / design / dataset / demo]

CHALLENGES/RISKS
- Randomized payment states used for testing – UI must handle all states – **[AMBER]**
- Partial cancel total recalculation display – **[AMBER]**
- Log view performance with many entries – **[GREEN]**

HELP NEEDED
Confirm priority order among takeaway, home delivery and dine-in by [date].

INTEGRATION AND COLLABORATION
Screens call rollback, cancel, settlement, log servlets; feedback restricted via order check from Logic.

COMMON KPI EVIDENCES
Screen response time; log search time; UI tested; demo evidence.

NEXT WEEK COMMITMENTS
- Gayatri – Client-server architecture view and client session handling – Due:September 10,2026
- Prince – Secure communication (login/session screens) – Due: September 10,2026
- Suraj – Carry forward: priority rule – Due: September 10,2026

MENTOR RESPONSE
Decision / Guidance / Owner / Target Date:

Note: Leader Submits; all four members view and actions, confirm accuracy before submission
